Banner Employee Self-Service	8.12 with 8.12.1
Banner General	8.7 with 8.7.2
Banner Web Tailor	8.7
Banner Web General	8.7

Application source code tag in Git

To customize an application, you can retrieve the application's source code from Ellucian's public repository (Git) to your own repository. A tag is required for identifying the application's source code in the Git repository.

The source code for Employee Profile 9.0.5 is located in the Git repository in the remote branch `ltd-employee profile-9.0.5`, tagged as `rel-employeeprofile-9.0.5-lts`.

Resolutions

For details about the specific defects associated with the Employee Profile 9.0.5 release, refer to the *Banner Employee Profile Resolution Report 9.0.5*.

The Resolution Report can be found in the Banner Employee Self-Service documentation library in the Ellucian Support Center. Along with the Problem, Impact, and Resolution statements for each defect, you will find a link. Copy and paste the link into a web browser to go to the Ellucian Support Center and view the specific details of the change request.
